What Sets AirEvac International Apart

Strategic Bases of Operation AirEvac International headquarters are located in San Diego, CA with strategic bases of operation in Ensenada; Cabo San Lucas; Guadalajara; Puerto Vallarta; Cancun; San Miguel de Allende; Mahahual, Costa Maya; Roatan, Honduras and San Jose, Costa Rica.

Custom Medical Teams We provide fixed wing and rotor wing transports for critically ill adult and pediatric. AirEvac International offers medical teams according to each patient’s needs, a medical team may include a physician, critical care flight nurse, flight paramedic or respiratory therapists.

Repatriation AirEvac International offers US hospitals and consulates repatriation services to Latin America. AirEvac employs a multilingual staff to facilitate bed-placement for unfunded foreign nationals and will assist you every step of the way.
For Your Peace of Mind

24 hours a day - 7 days a week - 365 days a year

AirEvac International provides the highest level of medical transportation care by combining the best medical resources and most efficient response times. Our operations, policies, protocols and personnel are vetted and audited regularly. We accept leading health and travel insurance companies, hospital administrations and third-party medical administration groups—making AirEvac the top choice across the industry.

Medical Insurance Accepted

AirEvac International has established affiliations in the US, Canada and Europe through an array of international healthcare insurance and travel assistance companies. Insurance may cover air medical transport without any out-of-pocket expenses. AirEvac Insurance Specialists will conduct a comprehensive verification of your medical insurance to verify transport medical benefits are available.
Bases of Operation

Our bases of operation are strategically located to offer the most responsive air ambulance service anywhere in the Americas. In addition, we operate a network of ground ambulances throughout Mexico and Central America equipped to provide local advanced life support, critical care, basic life support and bed acceptance at the receiving facility.
